Gilberts Residents,

We have a number of telecommunications companies currently working in town installing fiber optics, cable, etc. (for example WOW, AT&T, Comcast, Mediacom) In addition, these companies hire subcontractors.

Here at the Village we receive calls about wires and tubes sticking out of the ground and disturbed landscaping almost daily. If you have an issue and wish to call, please include the address of the problem and any information you have about what company is involved – name on the truck, apparatus, etc.

This will help us to communicate with them and get the problem resolved. All these companies have been cooperative, but we need to know what company to contact and they need to know where the problem is.

Thank you.

George Sakas AICP
