Swearing in of Trustees

We want to welcome newly elected Trustee Elissa Kojzarek to the Village Board. She was sworn in on Tuesday, April 28th along with reelected Trustees Dan Corbett and Lou Hacker. All three Trustees will be serving a four year term.

Help Protect Basic Services and Quality of Life in Our Community

The Illinois Legislature and Governor Rauner are considering taking local revenue to patch the state's budget holes at the expense of Illinois' cities and villages.

This local revenue funds basic services such as police and fire protection, road repairs and maintenance, garbage collection, infrastructure projects, and snowplowing. If the state proposal becomes a reality, the Village of Gilberts would lose \$340,510.50 annually.

Our community is opposed to raising taxes or eliminating essential services or vital public works projects to make up for the lost revenue.

You Can Help:

- Tell Springfield that they can't fix their problem by shifting the burden onto local communities.
- Visit ProtectMyTown.com to send a letter to your legislators and Governor Rauner urging them not to take our tax dollars.

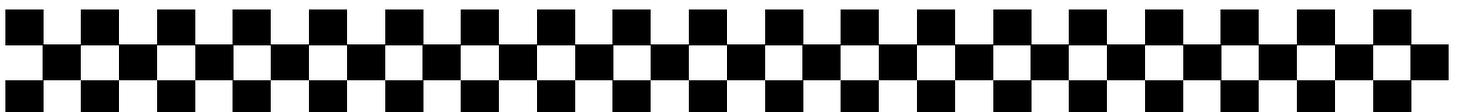

Visit www.ProtectMyTown.com and voice your position

SAVE THE DATE

Village Wide Garage Sale
June 4 - June 7

Garbage Rate Increase

On May 1, the monthly garbage rate will increase by \$1.00. The increase will appear on the next billing cycle.

National Recognition for Gilberts'
Barium/Radium Removal Pretreatment System

The Village of Gilberts **Barium/Radium Removal Pretreatment System** earned the prestigious **Grand Award** at the **2015 National Engineering Excellence Awards** competition in Washington D.C. on April 21, 2015. The project was one of only eight Grand Awards given nationally to the most innovative and outstanding engineering accomplishments.

The project has also earned the **2015 Technical Innovation Award** from the American Public Works Association (APWA) Fox Valley Branch, the **Project of the Year – Environmental Under \$5 Million** award from the APWA Chicago Metropolitan Chapter and the **Honor Award for Engineering Excellence** from the American Council of Engineering Companies.

Designed by Baxter & Woodman and operated by Village staff, the new pretreatment system efficiently removes barium and radium to comply with new environmental regulations. Gilberts' innovative system will be highlighted as a model for other municipalities as a viable cost-effective alternative to traditional treatment methods.

Movie in the Park

Our first movie in the park, The Penguins of Madagascar, will take place on **Friday, June 12th at Town Square Park at dusk**. Mark your calendars with the dates of the remaining two movies which are scheduled for **July 10th** and **August 14th**. Continue to monitor our Facebook page and our website as the dates approach to see which movies we will be featuring!
